INSTRUCTIONS

Per Department of Defense Instruction 6060.02, Child Development Programs, this form is utilized to determine fees for DoD Child Care Programs.

To determine child care fees for your child(ren), or and child(ren) you legally claim as dependents, this form must be completed, signed and returned to the facility for which your child is enrolling.

Fees are determined based on your Total Family Income (TFI) as defined below. TFI documentation is required for child care rate determination.

Total Family Income (TFI) - For the purpose of determining child care fees in DoD Child Development Programs, total family income is defined as all earned income including wages, salaries, tips, special duty pay (flight pay, active duty demo pay, sea pay) and active duty save pay, long-term disability benefits, voluntary salary deferrals, retirement or other pension income including SSI paid to the spouse and VA benefits paid to the surviving spouse before deductions for taxes. TFI calculations must also include quarters subsistence and other allowances appropriate for the rank and status of military or civilian personnel whether received in cash or in kind.

DO NOT INCLUDE alimony, and child support received by the custodial parent, SSI received on behalf of the dependent child, reimbursements for educational expenses or health and wellness benefits, cost of living (COLA) received in high cost areas, temporary duty allowances, or reenlistment bonuses.

For households in which unmarried couples or pairs are living as a family, the income for both adults should be used to determine Total Family Income (TFI).
